## San Francisco Police Department NARRATIVE

On today's date and time I was working plain clothes with Officer Yick #1032, Officer Forners #2106, and Officer Madrid #4143.

I received information from a confidential reliable informant (hereafter referred to as CRI) that a white female and a black male by the name of " were in room #504 of the Henry Hotel. The CRI told me that room #504 belongs to the white female and " has a large quantity of heroin in her room.

I have used this CRI on six separate occasions and each time, his/her information has lead to a narcotics arrest where we have seized large amount of crack and methamphetamine. Based on the information provided by the CRI, we responded to the Henry Hotel. I obtained the hotel registration card for room #504, which was registered to a " as the sole occupant of this room. Officer Madrid obtained the master key from the front desk clerk. We responded to room #504. Once in front of room #504, we could hear people talking and moving inside the room. Officer Madrid knocked on the front door of room #504 and announced our presence. There was no response to our knock. Officer Madrid utilized the master key to open the front door, due to the fact that we believed that all the evidence inside the room would be destroyed or discarded. As Officer Madrid slightly opened the door, a white female walked up to the front door and identified herself as . Lasked to step outside her room so I could speak to her regarding our investigation. I advised that I had information that there was a large quantity of narcotics inside her room. told me that this was her room and she possessed told me that she allows her friends to hang out in her room and sometimes no narcotics. they smoke narcotics in her room. I advised that it was our intention to freeze the room and write a search warrant so we could conduct a search of her room. verbally gave mepermission to search her room in front of Officer Forneris.
